

ibuQa – Junior Android Developer

Nairobi, Kenya - Full-time

About ibuQa

[ibuQa](#) develops modern software systems that “connect-the-dots” of route to market operations, helping manufacturers, distributors and last mile delivery businesses eliminate inventory and payment reconciliation headaches, co-ordinate deliveries, monitor field operations in real-time, reduce costs and scale cost-effectively.

Job Description

As a Junior Android Developer, your primary responsibility will be to design, develop, and maintain top-tier Android applications using Kotlin and Jetpack Compose. You'll collaborate with cross-functional teams to gather requirements, devise solutions, and help enhance our Android platform. This position is perfect for someone passionate about mobile development, eager to work with the latest Android technologies, and excited to create innovative applications with Kotlin and Jetpack Compose.

Responsibilities

- Design, develop, and maintain Android applications using **Kotlin** and **Jetpack Compose**.
- Collaborate with product managers, UI/UX designers, and backend developers to define and implement new features.
- Ensure the performance, quality, and responsiveness of applications through rigorous testing and optimization.
- Write clean, maintainable, and efficient code following best practices.

Phone: 0743 750000 Website: www.ibuqa.io

- Debug and resolve technical issues, ensuring application stability and scalability.
- Keep up to date with the latest developments in Android development and integrate new technologies into your work.
- Participate in code reviews to maintain high development standards and ensure code quality.

Requirements

- Bachelor's degree in computer science, Software Engineering, or a related field (or equivalent practical experience).
- Basic understanding of Android app development and programming languages such as Java or Kotlin.
- Familiarity with Android Studio and the Android SDK.
- Strong problem-solving and analytical skills.
- Eagerness to learn and adapt to new technologies.
- Good communication and teamwork skills.

Experience (Good to Have)

- Knowledge of software development methodologies and best practices.
- Experience with version control systems (e.g., Git).
- Familiarity with RESTful APIs and integration.
- Understanding of basic UI/UX principles.

To Apply: Please submit your resume to recruitment@ibuqa.io and with the subject line “Junior Android Developer”. Please include a brief cover letter explaining your interest in the position and in joining ibuQa.
